

RUSHMOOR

International Association

With three new partner towns due to establish links in 2019, the Twinning Association of Rushmoor is going international and has changed its name to **Rushmoor International Association**. Our three new partner towns will be:

Gorkha, Nepal

Dayton, USA

Rzeszów, Poland

in addition to our existing partnerships with:

Oberursel, Germany

Meudon, France

Sulechów, Poland

In December 2018, Rushmoor Borough Council gave its approval to expand Rushmoor's business and cultural links by setting up new partnerships with towns in the USA, Poland and Nepal. The links with Dayton in the USA and Rzeszów in Poland are both driven by the development of aerospace industries that they share with Farnborough. Both Dayton and Rzeszów are aviation innovation hubs and a link-up will provide mutual support and shared knowledge between businesses.

The Nepali community has a considerable presence in Rushmoor because of the strong connection between the British army and Nepali soldiers who serve in its ranks. Many of them originate from Gorkha and the new link with Gorkha will provide opportunities for cultural and educational links.

Rushmoor Visitors' Corner - Aldershot Lido

Opened in 1930, Aldershot Lido is a traditional outdoor leisure pool which was the London Olympic Games venue in 1948 for the swimming event in the Modern Pentathlon.

Today, it has three water flumes, a diving platform and a toddler paddling pool and sandpit. With free parking, and food and drink available on site, it is enjoyed as a great family day out for all ages during the summer months.

Some forthcoming events in 2019
